VIGNOLA
AN ODE TO BOLOGNA'S
ICONIC PORTICOS

J.B.VIGNOLA, Architect A.D. 1507 - 1573

Vignola is named after famed architect Jacopo Barozzi Vignola, who is considered one of the greatest Italian architects of the 16th century. His works include Palazzo dei Banchi and St. Peter's Basilica.

Each product is uniquely designed to add to the architecture of the space and to bring historic as well as contemporary finishes to your personal wellness space.

ART OF LIVING

GRAFF's designs are for architecturally rich and sophisticated surroundings.

The surfaces create a rhythmic effect with a brilliant combination of materials to form a lively impact.

LUXURIOUS MATERIALS

Showcasing different materials in an elegant setting by hand picking the luxurious high grade finishes.

The interplay of colours on the surfaces in combination with marble finishes highlight a timelessly luxurious contrast as well as architectural clean looks.

Special bathrooms require not only functional elements but exclusive and rich designs.

GRAFF's
designs blend
beautifully
with functional
architecture.

Tailored to the architectural needs and individual lifestyle of GRAFF's prestigious clients.

GRAFF's
beautiful designs
enhance the sense
of wellbeing in
the most intimate
area of the living
space.

MASTERPIECES

Vignola 24K Polished Gold faucet with *Storm Black Marble*.

The elegant faucet styles the bathroom as an extension of the living room.

ELEMENTAL TRANQUILITY

Harmonious interplay of colours and materials in a rich and luxurious setting with environment friendly GRAFF bathing system.

BEAUTY AND INDIVIDUALITY

Creative planning ideas and individual touches can be implemented with GRAFF bath scape products wherever you like.

Here an open bath facing the room is a perfect conclusion to a free standing faucet floor unit.

PRECISION IN DETAILS

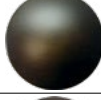

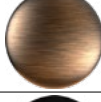

Accessories give a bathroom a homey and personal note. Delicate finishes integrated in high grade material with detailed precision create a major impact.

GRAFF The Green Sustainable Company

GRAFF is an actively green company that shares concern for the environment and for conserving water, a precious and beautiful natural resource.

GRAFF meets the rigorous Environmental Management Systems (EMS) standards. GRAFF faucets are about **30% more efficient** than standard faucets. GRAFF has a zero discharge system that recycles 100% of brass and paper products.

GRAFF 100% In-House Manufacturing

With each product being engineered, manufactured and inspected in-house, the company holds total control of every step in the manufacturing process.

The manufacture uses both high precision tools and irreplaceable human artistry. GRAFF products are made by hand and are a combination of many skills.
