**VICTORIA + ALBERT BATHS INTRODUCES
NEW EDGE COLLECTION**

British brand Victoria + Albert Baths is delighted to unveil its new cubic style Edge Bath and Edge 45 Vessel Basin.

Building on the success of the compact IOS bath, the Edge series boasts a striking, linear form with softly contoured corners. Ultra compact at 1495mm in length, the Edge Bath is designed to provide deep, double ended luxury in a compact size.

The Edge Bath is beautifully complemented with the Edge Vessel Basin, the most compact basin Victoria + Albert has produced to date. Designed specifically for 'his and her' configurations and compact cloakroom settings, the Edge Vessel Basin is 450mm in length.

The Edge Bath and Basin are made from single pieces of 100% QUARRYCAST®; a naturally white material rich in volcanic limestone that is hand finished by craftsmen and beautifully warm to the touch.
